certiport

ASSESSMENT RESULT

Taken Mar 2020

General Computer Knowledge

Result: Outstanding

Everyday business communication and other important transactions are completed efficiently with office computer applications, email, and the internet. Computers in the workplace have reduced cost and time in processing tasks. Hiring employees with working knowledge of computers is the current standard. This test assesses basic knowledge of computer operations, hardware and web proxies.

Taken Mar 2020

App Knowledge

Result: Outstanding

This test unit measures the familiarity of the test taker with common productivity suites and other software such as MS office, email clients, and messaging clients

Taken Jul 2023
